

Overport Primary School Sport Report

Year 6 Weekly Winter Sport

On Friday 5th May Overport kicked off its winter sport campaign at The Peninsula School. It was a tough day out with very little preparation leading into Round 1 but everyone had fun and will be better off for the experience.

Last week, Friday 12th May we had the pleasure of playing Toorak College. Our Girls Teeball team, Hockey teams and Netballers all travelled to Toorak College for some great practice and lots of fun. We hosted Toorak's two Soccer teams at Overport and I had a great training session with our Footballers and Boys Teeball team.

This week we play Mt Eliza ps, with Netball and Teeball to be played at Mt Eliza ps, games kick off about 1:45pm. Our Football and Soccer teams will play at home also starting at 1:45pm. Due to Mt Eliza not having a Hockey team we will play St Thomas More's Hockey team at home also. Feel free to come down and support the students! I'm sure they'd love to have a cheer squad!

HEALTHY FUN MORNING MADNESS

has arrived on Tuesday and Thursday mornings before school. For all those early arrivals, head down to the Netball court at 8:30am and don't miss out on the fun games, fun workouts, fun runs and fun sports. Miss Brennan and I will be organising MAD FUN activities for any students from Prep to Year 6 to kick off their day with a healthy start. Games like Octopus, Flip, Fruit Salad, Ship Shark Shore as well as some more sport orientated games like Endball, Terminator, Interceptor and many more. Throw in some body weight exercise and running for those that were BORN TO RUN!

Hope to see you there, parents welcome to get involved (Working With Children Checks) are required.
