

27th October, 2020.

Dear Parents and Carers,

Today's Communication and Update.

As we begin to open up again we look forward to providing more opportunities to our students.

As of Wednesday 28th October, school hours will return to normal. We will continue to begin the morning with doors being open from 8.45 am so the children can come straight into the classroom to unpack their bags. There will be no lining up; all teachers have found this much more settling for the students. The school teaching day will commence at 9.00 am. If students arrive after 9.00 am they must accompany their parent to the office to collect a late pass.

All students will now be dismissed at 3.30 pm. Parents of years 3 to 6 are to wait for their child off the school grounds, unless they are collecting students from years prep to 2 as well. Parents of students years prep to 2 are permitted onto the grounds to meet their child/ren at an arranged place suitable distanced. Parents are **NOT** to congregate at the classroom doors. As soon as your child/ren arrive, please leave the grounds immediately.

Graduation.

Our year six teachers are continuing to work on arrangements for year 6 graduation. While we will not be able to have an audience, live streaming and a memory stick of photos will form part of the package for them. More details will be provided as these arrangements are finalised.

School Photos.

In relation to arrangements around school photos, we are mindful of costs for parents given the impact of Covid-19 this year, as well as effective safety measures and suitable timing. We will be providing some form of school photos but these are most likely to be taken in the grounds by staff from within our own community.

Kind Regards,

Julie Gleeson

Principal

Overport Primary School
