

Year 4 Camp 2019

Dear parents and guardians,

What a wonderful week at the Phillip Island Year 4 camp! It was an amazing camp filled with a myriad of activities for your children and experiences that I am sure your child will not forget. All the students did a wonderful job in making the most of all the opportunities on camp. Some overcame their fear of heights with the Flying Fox and the Giant Swing. All the students got to know one another that little bit better and displayed our school values of acceptance, respect and kindness. A BIG thank you to all the brilliant adults that attended the camp and looked after all the students. A marvellous team made up of Mr Rob Gillson, Mr Leyden, Mrs Watson, Mrs Grady, Ms Corvi, Ms Brook-Ward, Ms Andreadis, Mr Joyce, Ms Eleanor Strickleton, Ms Nicole Haidar and Miss Yanni. This was undoubtedly a great time for students to learn about independence, social skills and teamwork.

Camp Reflections

Hi, I am Chloe and I would like to talk to you about camp. Year 4 camp was amazing. My favourite activity was the Giant Swing. It was so much fun! On the first night we had to choose a movie which was Captain Underpants or go to a camp fire. You can have up to six people in your cabin.
By Chloe

The Penguin Parade was outstanding. Everybody got so excited about it. After having dinner on the first night we got to choose a movie or a campfire. I chose to go to the campfire. It was so cool! I like how the flames were dancing around.
By Eri

The food was nice on camp. For morning tea and afternoon tea on all the days we had a lot of fruit and a biscuit. For dinner on the first night we had spaghetti bolognese. It was very tasty. For dessert we had chocolate ganache with some cream. For breakfast, we had a selection of cereals and warm toast. You could add honey, jam or butter. We had a burger with a beef patty for lunch. You could add cheese, salad, tomato, tomato sauce or other vegetables. For dinner, we had chips, schnitzel and vegetables. These included corn, carrot and peas. After the Penguin Parade we had vanilla ice-cream. You could add lots of things to it. On the way back, when stopped at the Nobbies. We had a roll for a lunch. You could choose vegemite and cheese, salad or a salad and cheese roll.
By Joann

There were seven activities and therefore seven activity groups that rotated to the seven activities. Most people said their favourite was the Giant Swing. We also had archery with real bows and arrows. It was really hard! We also had the initiatives course, low ropes and rock climbing wall, flying fox, cooking and Nature Spotto with Mrs Watson.
