## Poster Competition

This year we again had a poster competition to design the cover for the program for our upcoming production of "Oz".

There were 43 entries for the competition and the standard of work was excellent. The teachers all voted for the top ten, then the top 2 and couldn't make a choice between these two.

As a result we chose two winners for the competition who will each get two free tickets to the show. Their posters will jointly be on the front cover of the programs.

The two winners were Jemma in 6A and Rebecca in 1B. Half will be printed with Jemma's poster and the other half with Rebecca's. Congratulations to both our winners.

## Bunning's Workshop

Our third Bunning's workshop for this year was with the children in Grade 5 and 6. They worked with Lyn from Bunnings to make a tool man for Father's Day.

The children worked with hammers, nails and glue to make a man out of wood that dad can use to hang his tools and messages from.

After they had assembled the man they then decorated him with eyes, nose, mouth and woolly hair. They looked great. A huge thank you to Lyn for her workshop.
