

5 cent FRIDAYS

Do you have 5c that you can spare?

If you replied 'yes' to that question, we would appreciate if you can donate a 5c coin to Overport Primary School.

Why?

As you are well aware, Overport has many resources that we use all the time such as books, computers, laptops and iPads. All of these things cost the school money. The school is growing and we need enough money to purchase more of these materials.

How can you help?

Each Friday, bring in a 5c coin to put in your grade's money box or money bag. The Year 6 Office Assistants will come around on Friday mornings to collect the money for counting.

Where will the money raised go?

The money raised will go towards school equipment and materials.

Can we keep track of the money raised?

Yes. The Office Assistants will communicate this information to you by way of a display on the Staff Room window. We will also include the amount in the weekly assemblies as part of the *Reminders* section.

What if my grade raises the most money?

The grade that raises the most money will receive a wonderful trophy that you will keep for the week. The trophy will move to other grades each week, depending on who brings the most 5c coins.
