For parents/guardians

## LEARN, CONNECT & PLAY SAFE ONLINE

For children today, growing up digital is a whole new world. Learning safe practices and strategies for maintaining a positive digital reputation starts in the home. It takes a village to raise a child, so understanding what your children are learning at school is crucial in ensuring the messages are consistent and ongoing.

This session aims at providing parents and guardians with the insights and important information about popular social networking platforms and the online world that young people today have access to. Building a positive and healthy family environment where digital use is encouraged but managed effectively can be a tough balance. We will discuss ways you can ensure your children stay safe through making use of an application's privacy settings and help them to build positive digital habits through your family's digital user agreement.

### WHAT YOU WILL LEARN

- Living, learning, connecting and playing online safely
- Social networking safety 101
- Managing cyber bullying, help seeking strategies and resources
- Making use of app and game settings to take control when things go wrong
- Starting the chat about digital safety in the home
- Establishing and maintaining a safe digital environment in the home
